

FLUTTER:STUDENT CONNECT

About the connect app:

Welcome to Student Connect, your personal mobile command center. Designed for students, it centralizes essential daily tools in one place. The app features a sleek, custom-built dark space theme for a unique look. Instantly check a 3-day weather forecast to plan your week ahead. Manage your assignments with a full-featured, persistent to-do list. You can create, edit, and delete tasks that save locally on your device. Easily send inquiries directly to an administrator using the contact form. Navigate effortlessly through all features using dashboard shortcuts. A classic slide-out drawer is also available for alternative navigation. It's the all-in-one utility to keep your student life organized.

Structure of student connect app

```
StudentConnect/  
|  
├─ lib/  
|   ├─ main.dart           # Entry point + named routes  
|   ├─ home_screen.dart    # Home screen with Drawer  
|   ├─ weather_screen.dart # Weather API integration  
|   ├─ tasks_screen.dart   # CRUD with SharedPreferences  
|   ├─ contact_admin.dart  # Contact Admin form  
|   └─ about_screen.dart   # About app & features
```

main.dart

CRUD

About Student Connect

Student Connect is a simple app designed to help students with the following features:

☒ ⚡ Check weather updates

☒ 📝 Manage personal tasks (CRUD)

☒ ☎ Contact the admin team

Developed with Flutter.
